A word from the Secretariat

The Annual World Summit 2024 was the highlight of my journey in ISC. The opportunity to lead and work as a team, and to create something bigger and carry the responsibility of upholding a legacy, has been an absolute honour. AWS 2024 saw participation from over 500 pupils, surpassing all expectations! This would not have been possible without the support and guidance from the Management, and the months of tireless work put in by the team.

- **Aaliya Ganguly**
Secretary-General, AWS 2024

Serving as Deputy Secretary-General of AWS was a deeply emotional and eye-opening journey. In a world increasingly divided by conflict and ideology, creating a space where youth could debate global issues with empathy and intellect felt profoundly meaningful. Navigating the political landscape, from climate justice to geopolitical tensions, reminded me of the urgent need for thoughtful leadership. This role wasn't just about logistics, it was about hope, about shaping voices that might one day shape the world.

- **Devansh Bengani**
Deputy Secretary-General, AWS 2024

(left-right) Devansh Bengani, Aaliya Ganguly, Aarnaa Mehta

Being a part of the Annual World Summit journey remains one of the most rewarding chapters of my school life. What started as months of preparation, gradually transformed into something much larger. I am deeply grateful for the guidance we received throughout. It made all the difference; and for that, I'll always carry this memory with pride and gratitude.

- **Aarnaa Mehta**
Under-Secretary-General, AWS 2024

(left-right) Dhiimahee Shah, Shreeya Tank

An unbiased and honest press is the backbone that democracy stands on. As the head of the International Press at AWS 2024, it was my absolute and undisputed privilege to work hand-in-hand with a group of sharp-minded reporters, journalists and photographers who not only supported me in leading the team but also strengthened the experience of AWS altogether. I will always be exceedingly grateful for being the recipient of a unique opportunity, and sincerely hope that the next press team carries forward my contributions and achieves more than I could. All the best for AWS 2025!
